## Description

The Boston Oval Teak Double Extension 11 Piece Patio Dining Set is the perfect choice for a large outdoor space. Accommodating up to ten people with ease, this set is fully customizable, with two built-in extension panels to adjust the table to your desired size. Details such as a built-in umbrella hole allows for further customization as you can bring in the umbrella of your choice to create that perfect neutral palate or pop of color. The integrated foot rail provides the opportunity for you and your guests to relax and enjoy the ease and beauty of spending time out of doors. The chairs have shorter backs with wide, vertical slats for a pleasing aesthetic and somewhat open look. Each of the chairs has a slightly sloping, contoured back for comfort, and gently sloping rear legs which adds to the visual appeal as well as providing stability. The entire set is expertly crafted with solid teak for both beauty and practicality, and the optional seat cushions allow you to further customize your look. The cushions are made of a sturdy nylon, with covers that easily remove and can go right into the washing machine. Every detail of this patio set is designed for style, durability, and comfort.
